Northstar Christian Academy was first in session in 1972. Simple in nature, it used a packet system relying on individual study. After three years, the school switched to a traditional curriculum. These materials and goals are being constantly updated to meet the needs of children in learning the basics, coupled with Christ and Bible-centered content.

Initially our school was housed at First Bible Baptist Church, but because of such phenomenal growth, it was moved to its location at 332 Spencerport Road. We purchased our present facility in 1981.

Northstar is a Preschool/Daycare through 12th grade Christian school consisting of approximately 350 pupils and 40 full time staff members.
